For certification basis, See Type Certificate Data Sheet A2SW.

Original Product - Type Certificate Number:

A2SW

Make:

Israel Aircraft Industries

Model:

1100 Series

Description of Type Design Change: Install Utah Research and Development Company Model 126BC-101 Battery Charger System in accordance with Installation Instructions and Master Parts List, both dated December 12, 1980, or later FAA approved revisions.

Limitations and Conditions: This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated, unless it is determined by the installer that the interrelationship between this change and any of those other previously approved modifications will produce no adverse effect upon the airworthiness of that aircraft. FAA Approved Airplane Flight Manual Supplement dated December 16, 1980, is required for each installation. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.
